Future Stars

For the golf beginner

Ages 6-12

Our Future Stars students will work with coaches on individualized player development goals. Students will participate in a customized weekly skills training program. Our weekly training program will be taught in a circuit format to help improve the student's feel for the game while gaining more confidence in their swing.

CLASS TIMES

MON – FRI: 4-5PM

SAT: 9-10AM, 11:30-12:30PM, 12:45-1:45PM

SUN: 9-10AM, 10:15-11:15AM, 11:30-12:30PM

Juniors On Course

For the aspiring player

Ages 10 – 17

Juniors On Course programs will include a combination of golf and fitness. Students will work with coaches on their personal swing numbers using our Flightscope Launch Monitor in our state-of-the-art simulator. Coaches will work individually with students on their swing video analysis to break down their swing in detail. This program includes rules of golf, and tournament strategy classroom sessions. All Juniors On Course students will be evaluated on their fitness level. Our goal is to identify any physical limitations to help students perform at their very best. Students will also participate in fitness based circuits aligned with the mechanics of the golf swing.

Up to 17 On-Course Classes per 34 Week Session!
